

■ Floor: front end alone, no dynamics

■ Oscillator field (gain = 1)

▨ Oscillator field (gain = 2)

■ Severed field: coupling removed (gain = 1)

▨ Severed field: coupling removed (gain = 2)

▨ Bank A: leaky integrators, the field's size (gain = 1)

▨ Bank A: leaky integrators, the field's size (gain = 2)

■ Transformer: trained end to end
